September 23, 2016

The Honorable Members of the
Meherrin River Regional Jail Authority Board
Alberta, VA 23821

Dear Authority Board Members:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Meherrin River Regional Jail Authority (Jail Authority) for the fiscal years ended June 30, 2016 and 2015. The report was prepared by the Superintendent and the Finance Director, who assume full responsibility for the accuracy, completeness, and fairness of information. We believe the financial information, as presented, is accurate in all material respects and that it is presented in a manner designed to fairly set forth the financial position and results of operations as measured by the financial activity of the Jail Authority's Enterprise Funds. This letter should be read in conjunction with the *Management's Discussion and Analysis*, which can be found in the Financial Section of the report.

PROFILE OF THE ORGANIZATION

The Jail Authority, a political subdivision of the Commonwealth of Virginia, was authorized by Chapter 726 of the 1990 Acts of the General Assembly of Virginia. The participating jurisdictions of the Authority are the Counties of Brunswick, Dinwiddie and Mecklenburg. The Authority is governed by a nine-member board comprised of three members from each locality.

The general purpose of the Jail Authority is to maintain and operate a regional jail facility to meet the needs of the participating jurisdictions. The main facility has 697-beds, consisting of 596 general-purpose beds, a 32-bed work release center, a 6-bed medical housing unit, a 12-bed center for inmate intake, a 12-bed center for transport inmates, a 5-bed center for inmate classification, and 34 special management cells. The satellite facility has 115-beds, consisting of 76 general-purpose beds, a 24-bed work release center, a 4-bed medical housing unit, a 7-bed center for inmate intake, and 4 special management cells.

The legislation that created the Jail Authority requires there be a service agreement between the Jail Authority and its participating jurisdictions. The service agreement is a long-term contract regulating usage of the Jail Authority and establishing payment terms applicable to participating jurisdictions. It guarantees that the facility will be used and provides a basis for the issuance of revenue bonds to fund the final design and construction of the Jail. The board members of the Jail Authority signed the Service Agreement on April 3, 2008. The service agreement was amended on July 1, 2010.

The payments by the participating jurisdictions are subject to the appropriation of funds for such purpose by the governing bodies of the participating jurisdictions.

ECONOMIC CONDITIONS

Serving the member jurisdictions as Meherrin River Regional Jail Authority does, the overall inmate population is indirectly related to the populations of these localities: Brunswick County, Dinwiddie County and Mecklenburg County are all areas that are continually experiencing growth and increased development. This, in turn, serves as an indicator for the number of persons likely to be incarcerated from those jurisdictions.

Brunswick County's population growth rate is projected to decrease by -1.39% with a total population of 17,191 estimated for 2020. This percentage is skewed due to a prison closing during the study period and is not reflective of the actual population. Brunswick County is in fact expected to have an increase in population due to increased development in the county. Dinwiddie County's population growth rate is expected to be approximately 5.50%, with a total population of 29,542 estimated for 2020. Mecklenburg County's population growth rate is expected to be approximately 0.46%, with a total population of 32,877 estimated for 2020.

The inmate population for the past year was 383. The inmate population is budgeted to be 410 in fiscal year 2017.

MAJOR ACCOMPLISHMENTS AND INITIATIVES

Over the past year, many accomplishments were realized within Meherrin River Regional Jail Authority. The Jail received the "Certificate of Achievement for Excellence in Financial Reporting" for the third year. The Jail received the "Distinguished Budget Presentation Award" for the first time for its fiscal year 2016 budget document.

We continue to provide a safe, secure and sanitary facility for staff and offenders while maintaining cost savings measures in our operation. Work Force crews were utilized throughout the year to pick up litter within our three jurisdictions, help maintain the grounds of both sites as well as the gun range and to assist on special projects upon request.

At no cost to the facility, the Jail partnered with Keefe, to offer an option for our offender's families to purchase Secure-Paks for their loved ones at all times of the year. This program has been a huge morale booster for our offender population. This added feature allows more flexibility and more opportunities for the families while generating more commission for the Inmate Welfare Fund. The Inmate Welfare Fund is used to purchase items such as basketballs, board games and other items for the benefit of the inmate population. In addition, the Church Service Schedule was revised from weekend hours to weekday hours. Not only was this change successful in securing the volunteers needed, it significantly increased participation from our offenders.

The Virginia Department of Behavioral Health and Developmental Services for Telepsychiatry Funding awarded the Jail a grant in the amount of \$30,000. We were awarded the maximum amount due to our application letter illustrating our exemplary and creative use of the telemedicine carts which were the items to be purchased with the grant funds. During the year, we implemented the use of the two carts purchased for both sites with in-house doctors and were able to start reducing off-site medical costs. Our goal moving forward is to evaluate the use of these carts and make all efforts to expand the use to outside providers as well. By expanding options to outside of our facility and in-house doctors, there is potential to save additional costs, reduce potential security risks, and expedite medical care.

The staff of Meherrin River Regional Jail Authority works hard each year to give back to the communities. Over the course of the past year the charitable and community based outreach activities have helped make the facility shine amongst the citizens of our user jurisdictions. In addition to participating in such events as Mecklenburg Sheriff's Office Cops and Kids program, Special Olympics and donating items to families in need during the holidays, staff participated in Career Day and school tours. The Jail also adopted Meherrin-Powellton Elementary School in Brunswick County. We assisted with events such as Career Day, Field Day, Bullying Prevention, and also provided event materials. Staff donated school supplies as well for their Back-To-School Drive. This project is designed to ensure all students have the necessary school supplies they need for the school year.

FINANCIAL INFORMATION AND CONTROLS

The Jail Authority is required to undergo an annual audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Specifications for Audits of Authorities, Boards and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. The Jail Authority's management is responsible for establishing and maintaining internal controls sufficient to ensure safeguarding of jail assets. In developing and evaluating the Jail's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of an internal control structure should not exceed the benefits likely to be derived, and therefore, management must continuously evaluate the benefits of various controls given the related costs of implementation.

All internal control evaluations occur within the above framework. We believe that the Jail Authority's internal controls adequately safeguard assets and provide reasonable assurance for proper recording of financial transactions.

In addition to the internal controls described above, budgetary controls are also established to ensure compliance with annual operating budgets approved by the Jail Board. Monthly reports containing comparisons between actual and budget and current and prior year amounts are prepared and presented to jail management and the Board.

The Jail Authority usually initiates its annual operating budget preparations in August of each fiscal year (July 1 through June 30). The Finance Director, with input from other departments, prepares a draft budget for the Finance Committee to review. After the Finance Committee's review and approval, a final budget is submitted to the Jail Authority on or before January 1st of each year. According to the service agreement, the budget must be adopted by the Board no later than June 30th of each year.

RELEVANT FINANCIAL POLICIES

The Capital Reserve Fund totaling \$634,500 decreased \$181,321 due to the purchase of a 600KW Generator in fiscal year 2016. The Capital Reserve Fund was established to be used in future years to replace capital assets such as vehicles, significant building improvements, etc. thus preventing an increase in the Authority's operating budget.

The Rate Stabilization Fund totaling \$107,074 remains unchanged for the year ended June 30, 2016. The Rate Stabilization Fund was created to prevent large increases in the per diem rate during years when there are significant budget shortfalls.

The Operating Reserve Fund was increased to \$2,275,363 as required by the Authority's service agreement. The service agreement requires that an Operating Reserve Fund be equal to not less than 60 days of the Authority's projected annual budget for each year less debt service or such other amount as is required by the provisions of such obligations.

INDEPENDENT AUDIT

The certified public accounting firm of Robinson, Farmer, Cox Associates has audited the June 30, 2016 and June 30, 2015 financial statements. Their opinion on the financial statements is presented in the financial section of this report.

ACKNOWLEDGMENTS

The preparation of this report could not be accomplished without the efficient and dedicated efforts of the employees of the Meherrin River Regional Jail Authority.

Further appreciation is extended to each member of the Jail Authority for their continued interest, dedication, and support.

Respectfully submitted,

Crystal Willett

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of Meherrin River Regional Jail Authority, as of and for the year ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise Meherrin River Regional Jail Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Meherrin River Regional Jail Authority, as of June 30, 2016 and 2015, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 14 to the financial statements, in 2016, the Authority adopted new accounting guidance, GASB Statement Nos. 72 *Fair Value Measurement and Application*, 79 *Certain External Investment Pools and Pool Participants*, and 82 *Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-8 and schedules related to pension and OPEB funding on pages 46-47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Meherrin River Regional Jail Authority's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2016, on our consideration of Meherrin River Regional Jail Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Meherrin River Regional Jail Authority's internal control over financial reporting and compliance.

Robinson, Fawcett, Cox Associates

Charlottesville, Virginia
September 23, 2016

MANAGEMENT'S DISCUSSION AND ANALYSIS

The financial statements of Meherrin River Regional Jail Authority include all business activities and include notes to the financial statements that explain and provide detailed data on information in the financial statements.

The following is management's discussion and analysis of the Jail Authority's financial performance for the years ended June 30, 2016 and 2015. It should be read in conjunction with the letter of transmittal in the Introductory Section, the Jail Authority's financial statements and supplemental information included in the Financial Section and financial performance in the Statistical Section.

FINANCIAL HIGHLIGHTS

Fiscal Year 2016:

- The Jail's net position increased \$905,525 in FY 2016.
- Total revenues, including capital contributions, of the Jail for FY 2016 were \$16,420,664.
- Total expenses of the Jail for FY 2016 were \$15,515,139.

Fiscal Year 2015:

- The Jail's net position increased \$191,248 in FY 2015.
- Total revenues, including capital contributions, of the Jail for FY 2015 were \$15,798,637.
- Total expenses of the Jail for FY 2015 were \$15,607,389.

Fiscal Year 2014:

- The Jail's net position increased \$29,003,858 in FY 2014.
- Total revenues, including capital contributions, of the Jail for FY 2014 were \$44,552,729.
- Total expenses of the Jail for FY 2014 were \$15,548,871.

The Jail Authority's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements are prepared on the accrual basis, recognizing revenue when earned and expenses when incurred, and include all of the business activities of the Jail Authority. See notes to financial statements for a summary of significant accounting policies.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Jail's basic financial statements. The Jail's basic financial statements consist of the statement of net position, the statement of revenues, expenses and changes in net position, and the statement of cash flows. The first two statements report the Jail's net position and how it has changed. Net position is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Jail's financial condition.

The following table summarizes the net position of the Jail at June 30, 2016, 2015 and 2014:

NET POSITION	<u>2016</u>	<u>2015</u>	<u>2014</u>
Current and other assets	\$ 12,942,156	\$ 11,948,168	\$ 10,367,803
Capital assets, net	61,882,508	63,202,297	64,763,956
Total assets	<u>74,824,664</u>	<u>75,150,465</u>	<u>75,131,759</u>
Deferred outflows of resources	<u>629,338</u>	<u>639,279</u>	-
Long-term liabilities, net	39,826,869	40,894,237	41,813,692
Other liabilities	4,037,422	4,154,834	3,780,702
Total liabilities	<u>43,864,291</u>	<u>45,049,071</u>	<u>45,594,394</u>
Deferred inflows of resources	<u>37,083</u>	<u>93,570</u>	-
Net position:			
Net investment in capital assets	27,068,830	27,569,130	28,143,944
Unrestricted	4,483,798	3,077,973	1,393,421
Total net position	<u>\$ 31,552,628</u>	<u>\$ 30,647,103</u>	<u>\$ 29,537,365</u>

Overall net position increased 2.95% in 2016, with unrestricted net position increasing 45.67 % for 2016.

The increase in unrestricted net position in FY 2016 is primarily attributable to vacancy savings from Compensation Board funded positions.

The increase in unrestricted net position in FY 2015 is primarily due to a \$918,490 restatement of net position related to implementation of GASB 68. This implementation also resulted in the reporting of deferred outflows of resources and deferred inflows of resources related to pensions.

REVENUES

Operating and nonoperating revenues and capital contributions for the Jail Authority totaled \$16,420,664 for the year ended June 30, 2016, which equates to a \$622,027 increase from fiscal year 2015. This amount is primarily attributable to vacancy savings from Compensation Board funded positions. Of this total, per-diem billings to member jurisdictions totaled \$5,372,922 or 39.64 percent of total operating revenues. Per-diem billings to non-member jurisdictions totaled \$259,341 and accounted for 1.91 percent of total operating revenues. The revenues received from the state totaled \$7,325,919 or 54.06 percent of total operating revenues. Inmate and other revenues totaled \$594,788 or 4.39 percent of total operating revenues.

A summary of revenues for the years ended June 30, 2016, 2015 and 2014 is presented in the following computation:

<u>REVENUE SOURCE</u>	<u>2016</u>	<u>2015</u>	<u>2014</u>

Net nonoperating income (loss)	<u>1,186,457</u>	<u>1,074,943</u>	<u>67,591</u>
Total net income (loss) before capital contributions	905,525	171,171	(1,442,814)
Capital contributions	<u>-</u>	<u>20,077</u>	<u>30,446,672</u>
Increase (decrease) in net position	<u>905,525</u>	<u>191,248</u>	<u>29,003,858</u>
Net position, beginning of year	<u>30,647,103</u>	<u>30,455,855</u>	<u>533,507</u>
Net position, end of year	<u>\$ 31,552,628</u>	<u>\$ 30,647,103</u>	<u>\$ 29,537,365</u>

In the year of implementation of GASB 68, prior year comparative information was unavailable. Therefore, the 2014 information has not been restated to reflect the requirements of GASB 68 and 71.

FINANCIAL ANALYSIS OF JAIL FUNDS

The financial statements are prepared on the accrual basis, recognizing revenue when earned and expenses when incurred, and include all of the business activities of the Jail Authority.

Jail operations ended fiscal year 2016 with a \$905,525 increase in total net position. Jail operations ended fiscal year 2015 with a \$191,248 increase in total net position. Net position increased \$29,003,858 in fiscal year 2014. The increase in fiscal year 2014 net position is primarily due to receiving a \$30,417,889 state reimbursement which reimbursed the Authority 50% of the cost to build the facility.

The Operating Reserve Fund totals \$2,275,363, which equates to 60 days of the Authority's annual budget less debt service as required by the Authority's service agreement. The Rate Stabilization Fund totals \$107,074 at the end of FY 2016. The Capital Reserve Fund totaling \$634,500 represents proceeds from VRA Bonds remaining after construction and is considered restricted cash and may only be used for capital assets or debt service.

The Jail's cash position remains strong with \$7,625,441 in unrestricted funds.

DEBT ADMINISTRATION

The Jail Authority had total long-term debt outstanding of \$40,325,753 on June 30, 2016. This amount is comprised of a Series 2010 VRA bond. This bond was issued to fund the acquisition, construction and equipping of the Jail. For more detailed information on long-term debt activity refer to Note 6 of the notes to these financial statements.

CAPITAL ASSETS

Capital assets with a unit cost of \$5,000 or more are capitalized and depreciated over their useful lives using the straight-line method. As of June 30, 2016, capital assets, accumulated depreciation and depreciation expense totaled \$68,453,356, \$6,570,848 and \$1,604,880, respectively. For more detailed information on capital assets activity refer to Note 5 of the notes to these financial statements.

JAIL AUTHORITY'S PER DIEM RATES

The debt service component and the operating component of the per diem charge is invoiced quarterly by the Jail Authority in advance of service and is payable no later than the last day of the first month of each calendar quarter. The Member Jurisdictions agree to pay their ratable share of the per diem charge as budgeted by the Authority in accordance with the percentages established annually, notwithstanding the actual number of inmates committed or expected to be committed to the system, subject to a fiscal year-end adjustment to reflect annual use of the system. The operational per diem rates were \$36.80, \$30.89, \$29.95, and \$34.61 for 2016, 2015, 2014, and 2013 respectively. The debt service per diem rates were \$18.41, \$16.56, \$9.73, and \$0 for 2016, 2015, 2014, and 2013 respectively. There was not a debt service component of the per diem charge in fiscal year 2013 because all interest was capitalized.

REQUEST FOR INFORMATION

This financial report is designed to provide interested parties with a general overview of the Jail Authority's finances. Should you have any questions about this report or need additional information, please contact the Finance Director, 9000 Boydton Plank Road, Alberta, VA 23821.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 1 – BASIS OF PRESENTATION:

The Financial Reporting Entity

The Brunswick-Dinwiddie-Mecklenburg Regional Jail Authority was created pursuant to Article 3.1, Chapter 3, Title 53.1, Code of Virginia (1950), as amended by resolutions duly adopted by the governing bodies of the Counties of Brunswick, Dinwiddie, and Mecklenburg for the purpose of developing a new regional jail to be operated on behalf of the Member Jurisdictions by the Authority. On June 24, 2008, the Authority's name was changed to the Meherrin River Regional Jail Authority. The Board is governed by three members (including the County Administrator and Sheriff) from each of the participating localities and conforms to the statutory provisions of the Code of Virginia (1950), as amended. The Authority is considered to be a Jointly Governed Organization of the above localities because each locality is equally represented on the Board. Construction of the main facility in Alberta, Virginia was completed in early July 2012 at which time the participating localities began sending inmates to the facility. In addition, construction of the satellite facility in Boydton, Virginia was completed in January 2013. The Authority is responsible for operational and debt services costs. Operational costs are paid quarterly and a true-up is done at year end based on actual inmate populations for each locality. The Regional Jail bills each locality a per diem rate based upon the number of inmates sent to the facility. The per diem rates include components for both operating and debt service expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of Meherrin River Regional Jail Authority conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

A. Basis of Accounting:

The Authority uses the enterprise fund method of accounting for financial reporting purposes. Enterprise fund accounting uses the accrual basis of accounting where revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Operating revenues and expenses are defined as those items that result from providing services and include all transactions and events which are not capital and related financing, noncapital financing or investing activities. Nonoperating revenues are defined as grants, investment and other income. Nonoperating expenses are defined as capital and noncapital related financing and other expenses.

B. Cash and Cash Equivalents:

The Authority's cash and cash equivalents consist of cash on hand and demand deposits.

For the purposes of the statement of cash flows, the Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Restricted cash represents proceeds from a VRA Bond that are remaining after construction. These proceeds may only be used for capital assets or debt service.

C. Investments:

Money market investments, participating interest-earning investment contracts (repurchase agreements) that have a remaining maturity at time of purchase of one year or less, nonparticipating interest-earning

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

investment contracts (nonnegotiable certificates of deposit (CDs)) and external investment pools are measured at amortized cost. All other investments are stated at fair value.

D. Capital Assets:

Capital assets are recorded at cost. Donated capital assets are recorded at acquisition value at the date of gift. The Authority's capitalization threshold is \$5,000.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Costs of construction include legal, bond and loan closing costs, plus interest costs less interest earned on construction funds during the period of construction.

Depreciation is provided using the straight-line method over the estimated useful lives of each asset class as follows:

Buildings and improvements	50 years
Land improvements	20 years
Equipment, furniture and fixtures	5 to 20 years
Vehicles	5 years
Intangibles	5 years

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenses that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

E. Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. Bond Premium:

A premium of \$2,295,640 resulted from the issuance of bonds in association with the financing of jail construction. The premium is being amortized using the effective interest method over the life of the bond issue of 30 years. Amortization for FY 2016 totaled \$105,810. The balance of the unamortized bond premium at June 30, 2016 is \$1,685,753.

G. Net Position:

Net position is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

H. Net position flow assumption:

Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

I. Vacation, Sick, and Holiday Leave:

Jail Authority employees will earn vacation and sick leave in varying amounts on a semi-monthly basis, based upon length of service. Annual carryover limitations apply to vacation hours but not to sick leave. Employees are compensated for unused vacation and sick leave upon separation, retirement or death based upon years of service and are limited to a maximum dollar amount. Holidays earned by an employee, classified as essential personnel, will be those days specified by the Meherrin River Regional Jail Authority to be taken. All non-essential personnel, as designated by the Superintendent, will take the thirteen scheduled holidays granted per year unless ordered otherwise.

J. Budget:

The Superintendent must submit a balanced budget to the Jail Authority on or before January 1st each year. The budget denotes per diem rates charged to member jurisdictions, and line item revenues and expenses. The Jail Authority must adopt a final budget on or before June 30th each year.

K. Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Jail only has one item that qualifies for reporting in this category. It is comprised of contributions to the pension plan made during the current year and subsequent to the net pension asset measurement date, which will be recognized as a reduction of the net pension liability next fiscal year. For more detailed information on this item, reference the pension note.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Jail has one type of item that qualifies for reporting in this category. Certain items related to the measurement of the net pension asset are reported as deferred inflows of resources. These include differences between expected and actual experience, change in assumptions, and the net difference between projected and actual earnings on pension plan investments. For more detailed information on this item, reference the pension note.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

L. Pensions:

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Jail's Retirement Plan and the additions to/deductions from the Jail's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 3 – DEPOSITS AND INVESTMENTS:

Deposits:

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments:

Statutes authorize the Authority to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

Credit Risk of Investments:

The Authority does not have a policy related to the credit risk of investments.

Credit Risk of Debt Securities:

The Authority's rated debt investments as of June 30, 2016 were rated by Moody's and the ratings are presented below using Moody's rating scale.

<u>Rated Debt Investments Value</u>	<u>Fair Quality</u>	
	<u>Ratings</u>	
	<u>AAA</u>	
U. S. Treasury Bonds and Notes	\$	2,797,750
State Non-Arbitrage Pool		1,132,707
Total	\$	<u>3,930,457</u>

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED):

Interest Rate Risk:

The Authority does not have a policy related to interest rate risk.

Investment Maturities (in years)

	<u>Fair Value</u>	<u>5 Years</u>	<u>Less than 1 Year</u>
U. S. Treasury Securities	\$ 2,797,750	\$ 2,797,750	\$ -
State Non-Arbitrage Pool	<u>1,132,707</u>	<u>-</u>	<u>1,132,707</u>
Total	<u>\$ 3,930,457</u>	<u>\$ 2,797,750</u>	<u>\$ 1,132,707</u>

External Investment Pool:

The State Non-Arbitrage Pool (SNAP) is an open-end management investment company registered with the Securities and Exchange Commission (SEC). In May 2016, the Board voted to convert the SNAP fund to an LGIP structure, which would be managed in conformance with GASB 79. This conversion was expected to be complete in mid to late summer 2016. The fair value of the positions in SNAP is the same as the values of the pool shares.

NOTE 4 – FAIR VALUE MEASUREMENTS:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The Authority maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels as follows:

- Level 1. Quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at a measurement date
- Level 2. Directly or indirectly observable inputs for the asset or liability other than quoted prices
- Level 3. Unobservable inputs that are supported by little or no market activity for the asset or liability

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED):

Change in Fair Value of Investments:

Fair value at 12/31/16	\$ 2,797,750
Add: Proceeds for investments sold	-
Less: Cost of Investments purchased	-
Less: Fair value at 12/31/15	<u>\$ 2,742,775</u>
Change in fair value of investments	<u>\$ 54,975</u>

The Authority has the following recurring fair value measurements as of June 30, 2016:

Investment	6/30/2016	Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
U. S. Treasury Securities	\$ 2,797,750	\$ 2,797,750	\$ -	\$ -

NOTE 8 – PENSION PLAN:

Plan Description

All full-time, salaried permanent employees of the Meherrin River Regional Jail Authority are automatically covered by VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and, Hybrid. Each of these benefit structures has different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

RETIREMENT PLAN PROVISIONS		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p>About Plan 1 Plan 1 is a defined benefit plan. The retirement benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.</p>	<p>About Plan 2 Plan 2 is a defined benefit plan. The retirement benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. Employees are eligible for Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.</p>	<p>About the Hybrid Retirement Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as Plan 1 and Plan 2 members who were eligible and opted into the plan during a special election window. (see “Eligible Members”)</p> <ul style="list-style-type: none"> • The defined benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula. • The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.

NOTE 8 – PENSION PLAN (CONTINUED):

Plan Description (Continued)

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
		<ul style="list-style-type: none"> • In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.
<p>Eligible Members Employees are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.</p> <p>Hybrid Opt-In Election VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.</p> <p>The Hybrid Retirement Plan’s effective date for eligible Plan 1 members who opted in was July 1, 2014.</p> <p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.</p>	<p>Eligible Members Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.</p> <p>Hybrid Opt-In Election Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.</p> <p>The Hybrid Retirement Plan’s effective date for eligible Plan 2 members who opted in was July 1, 2014.</p> <p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.</p>	<p>Eligible Members Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:</p> <ul style="list-style-type: none"> • Political subdivision employees* • Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan’s effective date for opt-in members was July 1, 2014. <p>*Non-Eligible Members Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:</p> <ul style="list-style-type: none"> • Political subdivision employees who are covered by enhanced benefits for hazardous duty employees.

NOTE 8 – PENSION PLAN (CONTINUED):

Plan Description (Continued)

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p>Hybrid Opt-In Election (Cont.) Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.</p>	<p>Hybrid Opt-In Election (Cont.) Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.</p>	<p>*Non-Eligible Members (Cont.) Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.</p>
<p>Retirement Contributions Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions elected to phase in the required 5% member contribution but all employees will be paying the full 5% by July 1, 2016. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p>Retirement Contributions Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions elected to phase in the required 5% member contribution but all employees will be paying the full 5% by July 1, 2016.</p>	<p>Retirement Contributions A member’s retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee’s creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>

RETIREMENT PLAN PROVISIONS (CONTINUED)		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p>Disability Coverage Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.7% on all service, regardless of when it was earned, purchased or granted.</p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>	<p>Disability Coverage Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.</p> <p>VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.</p>	<p>Disability Coverage Employees of political subdivisions (including Plan 1 and Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.</p> <p>Hybrid members (including Plan 1 and Plan 2 opt-ins) covered under VLDP are subject to a one-year waiting period before becoming eligible for non-work-related disability benefits.</p>
<p>Purchase of Prior Service Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. When buying service, members must purchase their most recent period of service first. Members also may be eligible to purchase periods of leave without pay.</p>	<p>Purchase of Prior Service Same as Plan 1.</p>	<p>Purchase of Prior Service <u>Defined Benefit Component:</u> Same as Plan 1, with the following exceptions:</p> <ul style="list-style-type: none"> • Hybrid Retirement Plan members are ineligible for ported service. • The cost for purchasing refunded service is the higher of 4% of creditable compensation or average final compensation. • Plan members have one year from their date of hire or return from leave to purchase all but refunded prior service at approximate normal cost. After that one-year period, the rate for most categories of service will change to actuarial cost. <p><u>Defined Contribution Component:</u> Not applicable.</p>

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 8 – PENSION PLAN (CONTINUED):

Plan Description (Continued)

The system issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for the plans administered by VRS. A copy of the most recent report may be obtained from the VRS website at <http://www.varetire.org/Pdf/Publications/2015-annual-report-pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

Employees Covered by Benefit Terms

As of the June 30, 2014 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<u>Number</u>
Inactive members or their beneficiaries currently receiving benefits	2
Inactive members:	
Vested inactive members	5
Non-vested inactive members	38
Inactive members active elsewhere in VRS	<u>17</u>
Total inactive members	60
Active members	<u>158</u>
Total covered employees	<u>220</u>

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

Meherrin River Regional Jail Authority’s contractually required contribution rate for the year ended June 30, 2016 and 2015 were 11.90% and 11.90%, respectively of covered employee compensation. These rates were based on an actuarially determined rate from an actuarial valuation as of June 30, 2013.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from Meherrin River Regional Jail Authority were \$629,338 and \$639,279 for the years ended June 30, 2016 and June 30, 2015, respectively.

NOTE 8 – PENSION PLAN (CONTINUED):

Net Pension Asset

Meherrin River Regional Jail Authority's net pension asset was measured as of June 30, 2015. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation performed as of June 30, 2014, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

Actuarial Assumptions – General Employees

The total pension liability for General Employees in the Meherrin River Regional Jail Authority Retirement Plan was based on an actuarial valuation as of June 30, 2014, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

Inflation	2.5%
Salary increases, including inflation	3.5% – 5.35%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Mortality rates: 14% of deaths are assumed to be service related

Largest 10 – Non-LEOS:

Pre-Retirement:

RP-2000 Employee Mortality Table Projected with Scale AA to 2020 with males set forward 4 years and females set back 2 years

Post-Retirement:

RP-2000 Combined Mortality Table Projected with Scale AA to 2020 with males set forward 1 year

Post-Disablement:

RP-2000 Disability Life Mortality Table Projected to 2020 with males set back 3 years and no provision for future mortality improvement

All Others (Non 10 Largest) – Non-LEOS:

Pre-Retirement:

RP-2000 Employee Mortality Table Projected with Scale AA to 2020 with males set forward 4 years and females set back 2 years

NOTE 8 – PENSION PLAN (CONTINUED):

Actuarial Assumptions – General Employees (Continued)

Post-Retirement:

RP-2000 Combined Mortality Table Projected with Scale AA to 2020 with males set forward 1 year

Post-Disablement:

RP-2000 Disability Life Mortality Table Projected to 2020 with males set back 3 years and no provision for future mortality improvement

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period from July 1, 2008 through June 30, 2012. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 – Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

All Others (Non 10 Largest) – Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

Actuarial Assumptions – Public Safety Employees

The total pension liability for Public Safety employees in the Meherrin River Regional Jail Authority Retirement Plan was based on an actuarial valuation as of June 30, 2014, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

Inflation	2.5%
Salary increases, including inflation	3.5% – 4.75%
Investment rate of return	7.0%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.0%. However, since the difference was minimal, and a more conservative 7.0% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.0% to simplify preparation of pension liabilities.

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 8 – PENSION PLAN (CONTINUED):

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
U.S. Equity	19.50%	6.46%	1.26%
Developed Non U.S. Equity	16.50%	6.28%	1.04%
Emerging Market Equity	6.00%	10.00%	0.60%
Fixed Income	15.00%	0.09%	0.01%
Emerging Debt	3.00%	3.51%	0.11%
Rate Sensitive Credit	4.50%	3.51%	0.16%
Non Rate Sensitive Credit	4.50%	5.00%	0.23%
Convertibles	3.00%	4.81%	0.14%
Public Real Estate	2.25%	6.12%	0.14%
Private Real Estate	12.75%	7.10%	0.91%
Private Equity	12.00%	10.41%	1.25%
Cash	1.00%	-1.50%	-0.02%
Total	<u>100.00%</u>		<u>5.83%</u>
		Inflation	<u>2.50%</u>
		*Expected arithmetic nominal return	<u>8.33%</u>

* Using stochastic projection results provides an expected range of real rates of return over various time horizons. Looking at one year results produces an expected real return of 8.33% but also has a high standard deviation, which means there is high volatility. Over larger time horizons the volatility declines significantly and provides a median return of 7.44%, including expected inflation of 2.50%.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 8 – PENSION PLAN (CONTINUED):

Discount Rate

The discount rate used to measure the total pension asset was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the employer for the Meherrin River Regional Jail Authority Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2018 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Asset

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension (Asset) Liability (a) - (b)
Balances at June 30, 2014	\$ 1,625,792	\$ 2,036,295	\$ (410,503)
Changes for the year:			
Service cost	\$ 997,772	\$ -	\$ 997,772
Interest	112,780	-	112,780
Differences between expected and actual experience	(12,193)	-	(12,193)
Contributions - employer	-	638,952	(638,952)
Contributions - employee	-	270,366	(270,366)

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 8 – PENSION PLAN (CONTINUED):

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$629,338 reported as deferred outflows of resources related to pensions resulting from Meherrin River Regional Jail Authority’s contributions subsequent to the measurement date will be recognized as a component of the Net Pension Asset in the fiscal year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

<u>Year ended June 30</u>	
2017	\$ (14,100)
2018	(14,100)
2019	(14,102)
2020	9,292
2021	(1,624)
Thereafter	(1,624)

NOTE 9 – OTHER POST EMPLOYMENT BENEFIT (OPEB) OBLIGATIONS:

Meherrin River Regional Jail Retiree Medical Plan

A. Plan Description

The jail provides health insurance benefits to retired employees and their beneficiaries through an employer plan established July 1, 2013. This plan is limited to retirees that were hired on or before July 1, 2012, with a minimum retiree age of 55 and a minimum of 15 years of service. Retirees are responsible for paying 100% of their monthly premiums. Retirees will be covered based on the level of coverage they had while employed at the jail. The jail may change or terminate any portion of this plan at any time.

B. Funding Policy

The jail provides postemployment health insurance benefits to retirees, their spouses, and their dependents until the retiree reaches Medicare eligibility. Employees currently eligible to participate are the only persons that will ever meet the eligibility requirements.

The funding policy of the jail is to contribute the plan benefit claims for the fiscal year on a pay-as-you-go basis. This means that the employer share of net benefits is the difference between the expected benefit payments and the retiree contributions.

C. Annual OPEB cost and Net OPEB obligation

The jail’s annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess)

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 9 – OTHER POST EMPLOYMENT BENEFIT (OPEB) OBLIGATIONS:(CONTINUED)

C. Annual OPEB cost and Net OPEB obligation (Continued)

over a period not to exceed thirty years. The following table shows the components of the jail's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the jail's net OPEB obligation.

Annual required contribution (ARC)	\$	28,100
Interest on net OPEB obligation		1,400
Adjustment to annual required contribution		<u>(2,000)</u>
Annual OPEB cost (expense)		27,500
Contributions made		<u>(15,600)</u>
Increase in net OPEB obligation		11,900
Net OPEB Obligation, Beginning of Year		<u>34,000</u>
Net OPEB Obligation, End of Year	\$	<u><u>45,900</u></u>

The Jail's annual OPEB cost, percentage of OPEB cost contributed, and net postemployment benefit obligation for the plan for the fiscal years ended June 30, 2016, June 30, 2015 and June 30, 2014 are as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB cost</u>	<u>Percentage of OPEB cost contributed</u>	<u>Net OPEB obligation</u>
6/30/2014	\$ 25,700	31.91%	\$ 17,500
6/30/2015	26,600	37.97%	34,000
6/30/2016	27,500	56.73%	45,900

D. Funded status and funding progress

As of July 1, 2013, the most recent actuarial valuation date (the initial actuarial valuation for the plan), the funded status of the plan was as follows:

Actuarial accrued liability (AAL)	\$	240,400
Actuarial value of plan assets		-
Unfunded actuarial accrued liability (UAAL)	\$	<u>240,400</u>
Funded ratio (actuarial value of plan assets/AAL)		0%
Covered payroll (annual payroll of active employees covered by the plan)	\$	283,900
UAAL as a percentage of covered payroll		84.68%

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These actuarially determined amounts are subject to continual revisions as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress presented immediately following the financial statements as required supplementary information, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 9 – OTHER POST EMPLOYMENT BENEFIT (OPEB) OBLIGATIONS:(CONTINUED)

E. Actuarial methods and assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial calculations of the OPEB plan reflect a long-term perspective. Consistent with this perspective, actuarial valuations, after this initial year, will use actuarial methods and assumptions that include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

The ARC for the plan's initial year was determined as part of the July 1, 2013 actuarial valuation using the following methods and assumptions:

Actuarial cost method	projected unit credit
Amortization method	level percentage over time, open
Remaining amortization period	20 years
Inflation rate	2.50%
Asset valuation method	no assets held in trust for this plan
Interest rate	4.00%
Healthcare cost trend rate	8.00%

NOTE 10 – COMPENSATED ABSENCES:

Jail Authority employees are granted vacation and sick leave in varying amounts. In addition, certain employees accrue compensation time for overtime hours worked. In the event of termination, employees are reimbursed for their unused accumulated vacation and compensation time.

The Authority had outstanding vacation and compensation time pay totaling \$533,043 as of June 30, 2016 and considers 10% of the balance to be a current liability.

NOTE 11 – RISK MANAGEMENT / SELF INSURANCE:

The Jail Authority's risk management program involves maintaining comprehensive insurance coverage and identifying and monitoring loss exposure. The Jail Authority's comprehensive property, boiler and machinery, automobile, business interruption, inland marine and worker's compensation insurance is provided through the Virginia Association of Counties (VACO). The purpose of the association is to create and administer group self-insurance pools for political subdivisions of the Commonwealth of Virginia pursuant to the authority provided in Chapter 11.1 of Title 15.1 of the Code of Virginia. The association is managed by a seven member supervisory Board, who is elected by members at their annual meeting. Annual rates are based on estimated claims and reserve requirements. Pool deficits, should they materialize, will be eliminated through the levying of an additional assessment upon association members.

General liability and faithful performance of duty bond coverages are provided by the Commonwealth of Virginia, Department of General Services, and Division of Risk Management. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 11 – RISK MANAGEMENT / SELF INSURANCE (CONTINUED):

Employee Health Insurance:

Health Insurance coverage is provided to Jail employees through Meherrin River Regional Jail Authority’s self-insured health insurance program. The Jail changed to a self-insured Health Insurance program as of July 1, 2014. The Jail has contracted with private carriers to administer this activity. Health Insurance expenses represent premium payments to the private carrier. The premium payments are based on the number insured and benefits.

Claims liability is reevaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors. Incurred but not reported claims have been accrued as a liability based upon prior history and estimates from the insurance carrier. Changes in the estimated claims liability for fiscal years 2016 and 2015 are listed as follows:

<u>Fiscal Year Ended</u>	<u>Estimated Claims Liability Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Estimated Claims Liability End of Fiscal Year</u>
June 30, 2016	\$ 102,792	\$ 1,109,969	\$ 1,127,310	\$ 85,451
June 30, 2015	\$ -	\$ 1,229,693	\$ 1,126,901	\$ 102,792

Unemployment Insurance:

The Jail is fully self-insured for unemployment claims. The Virginia Employment Commission bills the Jail for all unemployment claims. As of June 30, 2016 the Jail has incurred no liability for billed but unpaid claims. No liability has been recorded for estimated unreported claims. The amount of estimated unreported claims is not expected to be significant.

NOTE 12 – LITIGATION:

At June 30, 2016, there were no matters of litigation involving the Authority which would materially affect the Authority's financial position should any court decisions on pending matters not be favorable.

NOTE 13 – DUE FROM (TO) OTHER GOVERNMENTS:

Amounts due from (to) other governments at June 30, 2016 are as follows:

From (To) Virginia Compensation Board	\$ 638,153
From (To) Member Jurisdictions	
Brunswick County-per diem	(945,457)
Dinwiddie County-per diem	(359,842)
Mecklenburg County-per diem	(22,586)
Member Contributions Boydton	(454,015)
	<u>(1,781,900)</u>
Total	<u>\$ (1,143,747)</u>

MEHERRIN RIVER REGIONAL JAIL AUTHORITY

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 14 – ADOPTION OF ACCOUNTING PRINCIPLES:

Governmental Accounting Standards Board Statement No. 72 Fair Value Measurement and Application

The Authority implemented the above statement during the fiscal year ended June 30, 2016. The Statement generally requires investments to be measured at fair value. The Statement requires the Authority to use valuation techniques which are appropriate under the circumstances and are either a market approach, a cost approach or an income approach. The Statement establishes a hierarchy of inputs used to measure fair value. There was no material impact on the Authority's financial statement as a result of the implementation of Statement No. 72. All required disclosures are added to Note 4.

Governmental Accounting Standards Board Statement No. 79, Certain External Investment Pools and Pool Participants

The Authority implemented the provisions of the above Statement during the fiscal year ended June 30, 2016. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. There was no material impact on the Authority's financial statement as a result of the implementation of Statement No. 79. All required disclosures are located in Note 3.

Governmental Accounting Standards Board Statement No. 82 Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73

The Authority early implemented provisions of Governmental Accounting Standards Board (GASB) Statement number 82 during the fiscal year. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. No restatement was required as a result of this implementation.

NOTE 15 – UPCOMING PRONOUNCEMENTS:

Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement 43, and Statement No. 50, *Pension Disclosures*. This Statement is effective for financial statements for fiscal years beginning after June 15, 2016.

Notes to Financial Statements

June 30, 2016 and 2015

NOTE 15 – UPCOMING PRONOUNCEMENTS (CONTINUED):

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension*, improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple Employer Plans*, for OPEB. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans. This Statement is effective for fiscal years beginning after June 15, 2017.

Statement No. 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*, addresses a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

Meherrin River Regional Jail opened July 1, 2012.

MEHERRIN RIVER REGIONAL JAIL AUTHORITY
Required Supplementary Information
For the Year Ended June 30, 2016

Schedule of OPEB Funding Progress-Meherrin River Regional Jail Retiree Medical Plan (UNAUDITED):

	(a)	(b)	(b-a)	(a/b)	(c)	((b-a)/c)
Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
July 1, 2013	-	240,400	240,400	0.00%	283,900	84.68%

Note: Only one year of actuarial data is available.

Notes to Required Supplementary Information

In 2015, Covered Employee Payroll (as defined by GASB 68) included the total payroll for employees covered under the pension plan whether that payroll is subject to pension coverage or not. This definition was modified in GASB Statement No. 82 and now is the payroll on which contributions to a pension plan are based. The ratios presented use the same measure.

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation. The 2014 valuation includes Hybrid Retirement Plan members for the first time. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. Because this was a new benefit and the number of participants was relatively small, the impact on the liabilities as of the measurement date of June 30, 2015 are not material.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2013 based on the most recent experience study of the System for the four-year period ending June 30, 2012:

Largest 10 – Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

Largest 10 – LEOS:

- Update mortality table
- Decrease in male rates of disability

All Others (Non 10 Largest) – Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

All Others (Non 10 Largest) – LEOS:

- Update mortality table
- Adjustments to rates of service retirement for females
- Increase in rates of withdrawal
- Decrease in male and female rates of disability

STATISTICAL INFORMATION

The statistical section is a required part of the Comprehensive Annual Financial Report (CAFR) per Governmental Accounting Standards Board Statement 44. The statistical section presents detailed information in ten-year trends, which assists users in utilizing the basic financial statements, notes to the basic financial statements, and requires supplementary information to assess the economic condition of an organization.

The statistical section is broken down into five categories; financial trend data, revenue capacity data, debt capacity data, demographic and economic information, and operating information.

The financial trend data is comprised of tables that show net position by component, changes in net position, operating expenses, other revenues and expenses, and operating revenues and expenses. The revenue capacity data looks at such things as operating revenues by source, revenue and billed inmate days by customer and largest revenue source. The debt capacity data shows outstanding debt by type and revenue bond coverage ratios. The demographic and economic information is comprised of number of inmates, principal employers, population, and unemployment rates by jurisdiction. The operating information contains tables for number of employees by activities and a listing of insurance coverage.

Unrestricted	<u>4,483,798</u>	<u>3,077,973</u>	<u>1,393,421</u>	<u>292,371</u>
Total Net Position	<u>\$ 31,552,628</u>	<u>\$ 30,647,103</u>	<u>\$ 29,537,365</u>	<u>\$ 533,507</u>

NOTE: Meherrin River Regional Jail opened July 1, 2012.

¹ The large increase in net position in FY 2014 is primarily due to a \$30,417,889 state reimbursement which reimbursed the Authority 50% of the cost to build the facility. The state reimbursement was used to pay off \$29,320,000 in interim financing causing an especially large decrease in liabilities.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Members of Meherrin River Regional Jail Authority Alberta, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities of Meherrin River Regional Jail Authority as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Meherrin River Regional Jail Authority's basic financial statements and have issued our report thereon dated September 23, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Meherrin River Regional Jail Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Meherrin River Regional Jail Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Meherrin River Regional Jail Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Meherrin River Regional Jail Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
