To apply on line, and learn more about Armor Correctional Health Services, we invite you to visit us at: www.armorcorrectionaljobs.com

Are you tired of your talent being closely guarded?

Enjoy professional freedom behind bars.

Working in correctional healthcare is not a career. It's a calling. It's an opportunity to leverage your talent and become the leader you were meant to be. In here, your medical input is expected and respected. Your ideas do not get lost within layers of healthcare management. You get to know your coworkers better than you would in a traditional practice setting. You also get to know your patients, and you realize that time doesn't heal all wounds. But your medical expertise can go a long way. Here at Armor Correctional Health Services, we treat our patients the way they deserve to be treated, like patients.

If you're ready to do your life's work,
you belong in corrections:
